60 Gallon Melter

A 5.5hp Honda engine powers the agitation and a double headed 160,000 BTU propane burner provides the heat. The unit is also equipped with a material thermometer, propane hose with regulator and 1-1/2" draw off valve.

Dimensions & Weight

56"L x 35"W x 43"H
380lbs.

10 Gallon Melter

This propane fired melter is equipped with a hand agitator, temperature gauge, propane burner, hose & regulator, bottle holder, hinged lid and draw off valve. Single burner rated at 80,000btu

Dimensions & Weight

40"L x 29"W x 33"H
102lbs.

30 Gallon Melter

This unit can provide hot material in 30 minutes or less and is equipped with a draw off valve, hand agitator, temperature gauge, hinged lid, lifting handles, propane burner and hose and regulator. The double headed burner is rated at 160,000btu.

Dimensions & Weight

51"L x 25"W x 36"H
185lbs.

10 Gallon Direct-Fired Melter/Applicator

Everything you need to do quality crack sealing but the sealant and propane bottle. The fastest and most efficient method for the application of hot applied crack sealants. Propane fired burner with hose and regulator. Capable of melting and applying material. The 10 gallon melter/applicator is mounted on steel wheels and is equipped with spring loaded hand control release valve, hand agitator, temperature gauge and steel shoe for striking off sealant in a uniform width. The single propane burner is rated at 80,000btu.

Dimensions & Weight

47"L x 27"W x 36"H
125lbs.

8 Gallon Heated DQ Bander

This push style wheeled bander is designed with a heat jacket to maintain the material temperature. 13-1/2" diameter steel wheels easily follow meandering cracks. The unit is equipped with a spring loaded hand control release valve and steel strike off shoe to provide a uniform band width. Note: This unit is not capable of melting a solid block of sealant.

3 1/2 Gallon Pouring Cone

An easy and convenient way to apply hot rubber to random cracks or joints. Allows crew to get into tight places and close to curbs. Fill the cone, lift the plunger and follow the cracks. Available with 1" or 3/4" spout.

Weight 12lbs

4 Gallon Wheeled Pour Pot

This pull style wheeled pour pot eliminates back strain. Provides a material band width of 3" and has an adjustable depth screed.
